

Ecobrite Conditioner

LIQUID WATER CONDITIONER

- Phosphate free complexing agent
- Protects against scale on textiles caused by water hardness
- Can be combined with Ecobrite Surfactant Booster and Ecobrite Alkaline Booster or other Ecobrite liquid detergents to achieve the desired washing results
- Complexes heavy metal ions in water

USE INSTRUCTIONS

Ecobrite Conditioner can be used for all washable textiles and critical water conditions.

Application Temperature: 30°C - 90°C.

Ecobrite Conditioner is designed for automatic dosing and should be used with an Ecolab laundry dispenser.

RECOMMENDATION

Recommended use concentration 1.5 - 3 ml/kg dry textiles depending on water hardness.

Your Ecolab specialist will install and adjust the Ecobrite Liquid Laundry System to your washing procedures.

SAFETY

For professional use only.

Safety Data Sheet available for professional users on request.

For further information and safety instructions, see product label and safety data sheet.
