

Solid Clean S ECO-LABELLED SOLID WAREWASHING DETERGENT FOR SOFT WATER

Solid Clean S is an innovative and highly concentrated alkaline solid warewashing detergent appropriate for use especially under soft water conditions. Due to its proven cleaning performance and maximum environmental friendliness, **Solid Clean S** is certified by the Nordic SWAN as an ecologically approved product that is in compliance with the ecological requirements for raw material selection and use of packaging. **Solid Clean S** is used in conjunction with the **Ecoplus Future** dispenser system which monitors your warewashing operations and also controls the most critical factors in order to save valuable resources like water and energy.

- **CLEAN** - Outstanding degreasing properties. Removes starch build-up. Provides sparkling clean results. Its special formula prevents glassware from etching.
- **SAFE** - NTA-, EDTA-, phosphate- and chlorine-free formula guarantees a high ecological standard. In combination with the **Ecoplus Future** dosing unit the 4,5 kg solid capsule creates the highest operational safety level possible. The crushable Foldaway Pack reduces the volume of waste, disposal fees and transportation and thus protects our environment.
- **EFFICIENT** - One-pass cleaning saves time and money. Its highly concentrated formula, provides the most competitive user costs.

USE INSTRUCTIONS

FOR USE WITH ECOPLUS FUTURE VBRI

Your Ecolab specialist will adjust the dosing system to your specific cleaning needs

- 8 Remove the cap from the capsule.
- 9 Place the capsule with the opening downward into the dosing unit.
- 10 Switch on the dosing system by pressing the enter button.

SPECIAL NOTES / INFORMATION

The Nordic Swan is an independent multinational environmental labeling scheme introduced by the Nordic Council of Ministers which has a close cooperation with the EU Ecolabel system and guarantees a certain environmental standard. The objective of SWAN is to provide information to consumers to enable them to make the best environmental product choice.

For professional use only!

To achieve the best hygienic results, please also use Ecolab's rinse additive

Toprinse Clean.

Do not use on aluminium and other soft metals.
