

# Oven Cleaner Power DEGREASER FOR AUTOMATIC OVEN CLEANING SYSTEMS

**Oven Cleaner Power** is especially developed for use in ovens with integrated cleaning system. Its easy and quick application will increase your hygiene standards and the lifetime of the oven. The specific formulation cleans the cooking cabinet at both warm and cold temperatures. It removes even the toughest food soils and grill residues in one cleaning cycle thereby saving time and labour costs. **Oven Cleaner Power** can be used with all automated cleaning systems in ovens and combi-steamers. For the rinse step we recommend **Oven Rinse Power**. Both products are designed to work together to ensure perfect cleaning results.

Recommended by Electrolux.

Application area: For ovens with integrated cleaning systems.

- **Clean** - Penetrates through the toughest baked-on oven and grill residues.
- **Safe** - Automatic cleaning system, no product contact.
- **Efficient** - Fast cleaning action, saves water consumption and labour time.

## USE INSTRUCTIONS

- 1 Check hygiene plan for detailed use information.
- 2 Wear gloves and goggles when handling this product.
- 3 Fill the product in the appropriate tank of the integrated cleaning system.
- 4 Please start the cleaning program and follow the instructions as recommended by the manufacturer.

## SPECIAL NOTES / INFORMATION

**For professional use only.**
