

PROFESSIONAL HAND HYGIENE SYSTEM
CLEAN. SAFE. EFFICIENT.

Epicare Hand Protect SKIN PROTECTION

Epicare Hand Protect protects your hands and skin against harmful fat, oil and aqueous materials.

Epicare Hand Protect is compatible with commonly used glove materials (Latex, Nitril and Neoprene) and has no impact on the tensile strength of the material.

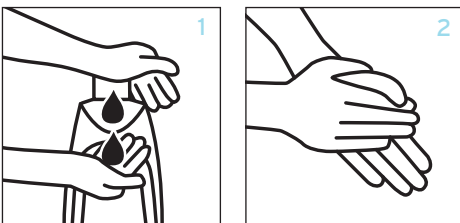

Epicare Hand Protect does not contain perfume or dye fulfilling the requirements of Food Hygiene (HACCP) Legislation.

Epicare Hand Protect is easy to apply leaving an durable protection film on your skin. Even after washing with soap and water remains a sufficient protection.

- **Clean** - Skin protection against harmful fat, oil and aqueous materials.
- **Safe** - Meets requirements of Food Hygiene (HACCP) Legislation.
- **Efficient** - Controlled dosage via Ecolab dispenser.

USE INSTRUCTIONS

- 1 Epicare Hand Protect can be used with an an Ecolab dispenser or an Ecolab bottle pump.
- 2 Application:
Before work, apply a short strip of ointment (about 1 cm in length) to, and distribute evenly on, the clean skin - even under finger nails and on nail beds.

Epicare Hand Protect should be used on a regular basis before work and after breaks.
